

## Year 12 AS Level Recap courses

Our May half-term AS Level recap courses are designed to get you feeling fully prepared and confident for any end-of-year assessments. During the course, your subject-specific tutor will take you through everything you learned in Year 12, helping to strengthen your knowledge and shore up any weaker areas. They'll also assist you with your exam technique, giving you skills and know-how you can take with you into Year 13.

### About our Tutors

We're lucky to work with a fantastic team of professional tutors and teachers, many of whom have taught at some of the best state and independent schools in the country. We've hand-picked them not only for their glowing academic credentials but also for their teaching styles, engaging personalities, and inspiring enthusiasm for their subjects.

# AS Level Recap Courses

For Year 12 students keen to get ahead with their revision, our AS-level May recap courses are the perfect opportunity. With expert guidance from our subject-specific teachers and plenty of past-paper practice, our courses review all the subject material from the first year of A-level, ensuring students' knowledge is reinforced, and any weaker areas of understanding are strengthened.

Held entirely online with plenty of opportunities for participation, these courses will ensure students get to grips with the content from the last year and feel well-prepared for any upcoming mock exams.

# How do our online courses work?

## We use Google Classroom for our online courses

Our online revision courses take place within Google Classroom, keeping everything organised in one convenient hub. You will be emailed the link to join your classroom the day before your course starts. From here, you'll be able to access digital copies of our bespoke course resources and join the live lessons.

All our lessons are recorded and saved in the classroom allowing you to watch them back for a recap whenever you like. Any resources your tutor uses can also be added to the classroom for you to use for your revision.

## Where do the live lessons take place and how do you join?

The live lessons take place on Google Meet. On the morning of the course, a 'Join' button will appear in the classroom. You click on this to join your lessons.

During the lessons, our tutors use the latest iPads and touch screen devices to replicate a real classroom environment. They can use teaching aids such as Powerpoints and a high-quality online whiteboard.

## Will I get any handouts with my course?

All our courses are accompanied by high-quality revision material. Our beautifully printed revision booklets are perfect for when you want to take your revision offline. Please ensure you book before the printing deadline to guarantee you get the booklets before the course starts. Please note, we can only send printed handouts to UK addresses.
