

GCSE and A Level Exam Preparation Courses

Our one-day Exam Preparation Courses will teach you how to think like an examiner, giving you the knowledge and skills to maximise your marks, whatever your exam throws at you.

Guided by experienced tutors, you'll work through past paper questions, learning how to break down different question types, identify key information, and plan and structure effective responses. Our tutors will also help you refine your time management skills, ensuring you feel composed and confident when you sit your paper, rather than racing against the clock.

About our Tutors

We're lucky to work with a fantastic team of professional tutors and teachers, many of whom have taught at some of the best state and independent schools in the country. We've hand-picked them not only for their glowing academic credentials but also for their teaching styles, engaging personalities, and inspiring enthusiasm for their subjects.

How do our online courses work?

We use Google Classroom for our online courses

Our online revision courses take place within Google Classroom, keeping everything organised in one convenient hub. You will be emailed the link to join your classroom the day before your course starts. From here, you'll be able to access digital copies of our bespoke course resources and join the live lessons.

All our lessons are recorded and saved in the classroom allowing you to watch them back for a recap whenever you like. Any resources your tutor uses can also be added to the classroom for you to use for your revision.

Where do the live lessons take place and how do you join?

The live lessons take place on Google Meet. On the morning of the course, a 'Join' button will appear in the classroom. You click on this to join your lessons.

During the lessons, our tutors use the latest iPads and touch screen devices to replicate a real classroom environment. They can use teaching aids such as PowerPoints and a high-quality online whiteboard.

Will I get any handouts with my course?

All our courses are accompanied by high-quality revision materials. Our beautifully printed revision booklets are perfect for when you want to take your revision offline. Please ensure you book before the [printing deadline](#) to guarantee you get the booklets before the course starts. Please note, we can only send printed handouts to UK addresses.
