

PMT Courses - Bridging the Gap Courses 2022

Our two-day online courses are a great way for students to prepare for going back to school. Our experienced teacher will guide students through important topics they need to make the transition from GCSE to A-level easier. Important study skills will also be covered to enable students to work independently. Students will go into their A-levels feeling confident, prepared and eager to learn more.

Our summer courses take place **online** using Google Classroom.

| Course | Dates | Info and Bookings |
|------------------|----------------|----------------------------|
| Biology | 27-28th August | Click here |
| Maths | 27-28th August | Click here |
| Physics | 29-30th August | Click here |
| Chemistry | 29-30th August | Click here |

|------------------|----|----|----|----|----|-----|-----|----|----|----|
| | 22 | 23 | 24 | 25 | 26 | 27 | 28 | 29 | 30 | 31 |
| Biology | | | | | | | | | | |
| Maths | | | | | | | | | | |
| Physics | | | | | | | | | | |
| Chemistry | | | | | | | | | | |

How do our online courses work?

We use Google Classroom for our online courses. Students are sent the link to join the Classroom the day before the course starts. Inside the Classroom students will find digital copies of all the handouts. The lessons take place on Google Meet. On the morning of the course, the Meet link will be shared in the Classroom's stream. Lessons are recorded and saved in the Classroom for students to revisit whenever they wish. Any resources used by teachers during the course are also saved in the Classroom.
